Recommended Chrome Extensions for Students with Dyslexia

All Chrome Extensions can be found by going to https://chrome.google.com/webstore/category/extensions
If you are using this on a work computer, please check with your IT administrator and/or your school's IT policy before downloading any software.

Name	Cost	Description	Contact with Questions
Read Up	Free	Automatically look up book reading levels as you browse, making it easy for parents & teachers to find books for young readers	dev@arialvetica.com
BeeLine Reader	Free 2-week trial, then $1.99/month	BeeLine uses a color gradient to guide your eyes from the end of one line to the beginning of the next. This simple tweak makes reading easier and faster because it allows you to transition between lines quickly and effortlessly.	BeeLineReader.com Contact Form on website.
Mercury Reader	Free	The Mercury Reader extension for Chrome removes ads and distractions, leaving only text and images for a clean and consistent reading view on every site.	https://postlight.com/ Click "Get in Touch" and use Contact Form.
Citationsy	Free	This Chrome extension will let you cite any website with a single click. We support citations in APA, Harvard, DIN, Chicago, MLA, and thousands of other referencing styles.	support@citationsy.com
Grammarly	Free, with Premium Option	From grammar and spelling to style and tone, Grammarly helps you eliminate writing errors. Grammarly is a writing	https://support.grammarly.com/

		assistant that goes deeper than grammar to offer you comprehensive writing feedback.	
Zoom	Free	Zoom in or out on web content using the zoom button and mouse scroll wheel for more comfortable reading.	https://www.stefanvd.net/support/browser-extension
Line Height Adjuster	Free	This extension allows you to adjust the space between lines to give a better reading experience.	ashconnollydigital@gmail.com
Night Shift	Free	This app changes the color temperature of the Chrome tabs (entire content) towards the yellowish part of the color spectrum, that reduces some of the blue light from the screen, thus, an eye strain during night-time use, helping to reduce disruption of sleep patterns. Colors can be customized to one's choice.	None available.
Reader Mode	Free	Reader Mode is a Chrome reading extension and web app that removes clutter, ads and distractions, while also including bookmarking, annotating, highlighting, text-to-speech and many other features all in one tool. Features are more complex and would be more appropriate for middle-school and up.	https://readermode.io/ Click on the bottom right corner to chat with the developer.
CaptiVoice	Basic features are free (requires a login), but premium features are available for a subscription.	Free features include text-to-speech, changing fonts, colors, masking the text, offline use, and cross-device sync.	support@captivoice.com or call 888-533-7884

| Read Aloud | Free, but premium features, including different read-aloud voices, available for $0.99 - $2.99 | Read Aloud works on a variety of websites. Read Aloud allows you to select from a variety of text-to-speech voices, including those provided natively by the browser. | |

Information is accurate as of January 2020.
